EARLY INTERVENTION PROGRAM

Starting on 9/5/96 and continuing on every Thursday thereafter, a court supervised EIP will begin. Experience has shown that the sooner a judge or other qualified person assists parties with their disputes, the more likely it is that cases will settle earlier.

Beginning on 9/5/96 and every Thursday thereafter, cases will be assigned for every 45 minutes beginning at 9:30 a.m. A judge of this court will oversee the list. The cases selected will be within six months of the return date.

This list requires all counsel of record to appear on the date and time set forth herein. All counsel are required to have their cleints available either in person at the courthouse, or available by phone to report the results of the discussions.

All insurance company attorneys are asked to appear with authority to settle the case and they should have someone with authority on the file available by phone to convey the results of the discussions.

Failure to appear at the EIP proceedings will result in either dismissal or default. All plaintiffs and defendants are required to bring with them pretrial Memo Form JDES47 Revised November 1993 (the yellow sheet).

If the case cannot be settled, scheduling orders will be entered.
